Proposed changes to the AIEA Board and Committees
Submitted October 2019

This document summarizes proposed changes to the AIEA committees. These changes reflect good practice for membership organizations, provide Board oversight and engagement on core business of the association, yet still permit the organization the necessary flexibility to respond to new opportunities. This document describes three types of committees: Board Committee; Standing Committees; and Task Forces.

I. Board Committees

Board committees have responsibility for those functions that are required for a 501c6 association, and will be defined in the AIEA bylaws. With the exception of the Executive Committee, each of these Board committees will be appointed by the President.

Governance Committee

The purpose of the governance committee is ongoing review and recommendations to enhance the quality of the AIEA Board. The work of the committee revolves around four major areas.

   - Assist the board in regularly updating and clarifying the primary areas of focus for the board, and help shape the board’s agenda for the next year or two, based on the strategic plan.

2. Pay attention to board composition and leadership
   - Lead in assessing current and anticipated needs related to board composition, determining the knowledge, attributes, skills, abilities, influence, and access to resources the board will need to consider to accomplish future work of the board.
   - Develop a profile of the board as it should evolve over time.
   - Identify potential board member candidates and explore their interest and availability for board service, with particular attention to board diversity.
   - Manage nomination process, including for board officers.

3. Encourage board development
   - Provide candidates with information needed prior to election to the board.
   - Design and oversee a process of board orientation, sharing information needed during the early stages of board service.
   - Design and implement an ongoing program of board information, education, and team building.

4. Assess board effectiveness
   - Initiate periodic assessment of the board’s performance, and propose, as appropriate, changes in board structure and operations.
- Provide ongoing counsel to the board chair and other board leaders on steps they might take to enhance board effectiveness.
- Regularly review the board's practices regarding member participation, conflict of interest, confidentiality, and so on, and suggest needed improvements.
- Periodically review and update the board policy and practices.

Finance Committee

Composition: 3-5 members, to include the Treasurer
