

Association of International Education Administrators
Leaders in International Higher Education

March 1, 2022

The Association of International Education Administrators strongly condemns the invasion and unprovoked attack against Ukraine. The violence, disregard for human life and damage to essential infrastructure that many of the citizens of Ukraine have worked for is of great concern to AIEA. As we mourn the lives lost and the disruption this has caused to many students, scholars, and their families from Ukraine we will continue to keep them in our thoughts and prayers. We hope that the entire international community will use diplomacy and reconciliation to bring security and peace back to the region again. We remain encouraged by the diverse perspectives that international education offers for world peace, justice and understanding.
