Overview

- **U.S. Department of Education’s HEA-Title VI and Fulbright-Hays**
  - Federal government’s most comprehensive international and foreign language education programs.
  - Foundation for internationalizing U.S. higher education.

- **Coalition for International Education**
  - Began in early 1990s to coalesce the Title VI & Fulbright-Hays community.
  - Advocates for U.S. Department of Education’s international education policies, programs and initiatives.
  - 30+ diverse national education organizations.
FY 2018 Funding Status for Title VI and Fulbright-Hays

- **House Consolidated Appropriations Bill, FY 2018:**
  - Funds Title VI at $65.1M, the FY 2017 level.
  - Eliminates all funding ($7.1M) for Fulbright-Hays, stating duplication of State’s Fulbrights and tight budget caps.

- **Senate Labor/HHS/ED Appropriations Bill, FY 2018:**
  - Funds Title VI/Fulbright-Hays at FY 2017 levels ($72.2M).

- **Multiple FY 2018 Continuing Resolutions (CRs):**
  - Latest (4th) extends programs through March 23 at FY 2017 levels, minus small reduction. Increases budget caps.

- **Incomplete FY 2018 appropriation delays the Title VI and Fulbright-Hays competitions.**
President’s FY 2019 Budget for Title VI and Fulbright-Hays

- Reduces U.S. Department of Education budget to $63.2 billion, $3.6 billion or 5% below FY 2017.

- Proposes elimination, streamlining or reduction of 39 programs, 29 of which would be eliminated. Goal to shrink the Department of Education.

- Proposes NO funding for Title VI/Fulbright-Hays:
  - States programs are “duplicitive” of other federal programs in DOD, CIA, USAID, State Department and in private sector.
  - Asserts national security agencies are “more appropriately equipped to support these activities.” Would eliminate ED role in international education.

Higher Education Act (HEA) Reauthorization

• Most federal education legislation is reauthorized (renewed) every 5-6 years. HEA was last reauthorized in FY 2008.

• HEA expired in FY 2014 and has been on extension.

• House and Senate authorizing committees of the 115th Congress have begun consideration of HEA.

• House HEA bill recently reported from ED&WF Committee. Consideration has been partisan for the first time in history: Majority and Minority each has its own bill.

• Senate HELP Committee has begun a bipartisan effort.

Coalition Proposals

- Coalition legislative reform proposals for Title VI based on findings of 2014 Coalition/William & Mary policy research conference. Major findings:
  - Strong need for deep language, regional and global expertise.
  - Increasing demand for a U.S. workforce with international skills and knowledge across a wide range of employment sectors.
  - Need for more research and innovation in international education capacity, organization and delivery.

Coalition proposals—supported by 30+ organizations—urge:
  - Reauthorization of seven currently funded programs intact.
  - Consolidation of several programs into two reformed programs to address global issues and workforce needs.
  - Technical amendment to FLAS to restore graduate eligibility for beginning language learning in strategic languages.
